BE HERE THEN

- a pocket-sized time machine

A digital city tour through Lund – then and now. Through the app you get to explore what the city looked like from the middle of the 19th century to the 1970s, and how the city has transformed through the decades. The app contains around 80 historical pictures of different sights of Lund, and the whole tour takes a couple of hours to finish.

Download the app and go explore Lund, past and present!

Battle of Lund-- one of the most important battles of the Swedish Era of Great Power

The app, which contains animations of the battlefield, films, more than 50 pictures, and in-depth texts about relevant places, the battle itself, and society in the 17th century, brings the battle to life. Watch films where the kings of Sweden and Denmark tell you about their thoughts on the battle, meet the individual soldier, the poor farmer's wife, and many more.

With GPS technology you may find your own position on the map while viewing important places as well as the animations of the battle.
